Department of Information Engineering

*Seminar*

**Past, Present and Future Works of Peter Yum**

by

**Professor Tak-Shing Peter Yum**  
Department of Information Engineering  
The Chinese University of Hong Kong

**Date : 28 August, 2012 (Tue.)**  
**Time : 2:30pm-3:30pm**  
**Venue : Room 833 Ho Sin Hang Engineering Building**  
**The Chinese University of Hong Kong**

*Abstract*

The past achievement part includes courses developed, research outputs, awards and impacts. The present achievement part covers my work in ASTRI for the past 2 years, including the development of technology roadmap for ASTRI, research program management, Intellectual property management, quality management, IT department management and the works in the Exploratory Research Lab (ERL) I founded. The future part is a plan of my potential contributions to IE department, the faculty and the university.
